

**MAKE  
PRINCE  
SAFE  
NOW!**

---

**MAKE PRINCE SAFE NOW – TAKE ACTION THIS MONTH!**

Prince Avenue between downtown and Milledge Avenue will be repaved in October. In recent years, hundreds of citizens have formally and informally asked that this segment of Prince be made safe and accessible for **all** its many users - including neighborhood residents, business patrons, churchgoers, and school children - whether they are traveling by car, by bus, on foot or on a bike.

Repaving presents the most economical opportunity to add traffic calming features. **Yet Athens-Clarke County does not intend to improve safety on Prince.** When Prince is repaved in just a few weeks it will be striped exactly as it appears today: four lanes for **cars**, no new safety measures for **people**.

Some officials have said they want to avoid the controversy of making this part of Prince safe **now**, in hopes of making the entire street (from downtown to the Perimeter) safe **later**. But there is **no guarantee** ACC will actually go forward with that plan, which could be years in the making even if they do. The October repaving of Prince between downtown and Milledge, on the other hand, is a certainty.

Athens-Clarke County has planned for years to restripe this segment of Prince, a decision supported by broad public support for a calmer, safer street. **Local officials have the power to follow through on those plans NOW - but they won't unless they hear from you.** It is crucial to act now, as this opportunity may not come again for another 10 or 15 years.

**MAKE  
PRINCE  
SAFE  
NOW!**

Athens-Clarke County Mayor  
and Commission  
c/o Mayor Heidi Davison  
City Hall  
301 College Avenue  
Athens, GA 30601

Athens-Clarke County Mayor  
and Commission  
c/o Mayor Heidi Davison  
City Hall  
301 College Avenue  
Athens, GA 30601

Dear Mayor Davison and commissioners,  
Prince Avenue is a vital neighborhood street for thousands of Athenians, and its design should reflect that fact. The reconfiguration of Prince from downtown to Milledge will benefit the entire community by improving safety, commerce and quality of life.

The ACC government has committed itself to providing transportation options whenever possible, and long ago designated this segment of Prince Avenue for such improvements. Please take this opportunity to make our city better by reconfiguring Prince when it is repaved in October.

Thank you.

## WHAT YOU CAN DO:

1. Cut this flier in half, sign the attached pre-stamped postcard and drop it in the mail **no later than September 30**.
2. Call, write or send an e-mail to the mayor and county commissioners. Politely tell them you support a design for Prince that will make it safe and accessible for **everyone**, and ask them to reconfigure the downtown to Milledge segment in October. (Mayor and commission contact info: [www.athensclarkecounty.com/commission/](http://www.athensclarkecounty.com/commission/))
3. Send a letter to the Athens Banner-Herald urging the mayor and commission to follow through on **existing transportation plans** by making Prince safe **now**. (<http://onlineathens.com/feedback.shtml>)

**IF YOU SUPPORT A SAFER PRINCE AVENUE, PLEASE TAKE ACTION IMMEDIATELY. THE MAYOR AND COMMISSION NEED TO HEAR FROM YOU BY THE END OF SEPTEMBER.**
